

THOMAS BRODAHL

Creative Polymath in California

I started my journey in creativity in the early days of webdesign. Since then I've worked in all aspects of creativity for clients large and small. Through it all I've never lost my passion for working at the intersection of art and technology. I'm looking to join a team of driven humans creating products that impact the world for the better.

Previous Positions

Late Sunday Afternoon 2014-2021

Oversaw all creative for this Venice California based lifestyle brand. Website, newsletters, social media, marketing materials, business strategy.

Xtrapop 2014-2015

Created a popular photo app that applied stickers and filters to photos. Featured on the iTunes homepage as Hot New App. 300k+ downloads.

Polychrome 2009-2013

Creative partner at boutique LA agency. Worked closely with HP creating mini-sites and promotional movies for their high priority product launches.

Stolen.la 2004-2009

Started a design company in LA. Creating websites and CMS solutions for Bugaboo, Disney, MTV, Dodge, Epitaph Records and more.

Creative Highlights

TrueNTH

Worked with Movember to create a website for their prostate cancer education and research initiative.

GoPro

Worked with the team at Nurun to create GoPro's online video editing tools for web and mobile.

History.com

Worked with the team at BadAssembly to redesign the History Channel website.

Sitedrop

Designed a web app that turned your Dropbox folders into public facing beautiful visual experiences.

Nubook

Created a web app that let people create websites in minutes from hundreds of predesigned page templates.

Surfstation.lu

Started a webdesign zine that was instrumental in spreading inspiration in the early days of the web.
